

## Assessing Multiple Choice

Tally the number of each question type answered incorrectly. Create a list of observations/reflections that detail what you find most challenging. Then, examine the strategies below and determine which ones will help you better attack those questions.

Type of Question	Number Wrong	<b>Observations</b> <i>Which category is the most difficult? What makes it challenging?</i>
<b>Rhetoric</b>		
<b>Argument Purpose</b>		
<b>Inference—Words/ Phrases</b>		
<b>Inference—Sections</b>		
<b>Inference—Entire Passage</b>		
<b>Organization/Grammar</b>		

### Action Plan and Self Reflection

Consider what you will need to do to improve your multiple-choice test taking abilities. Identify two steps you can take to improve your multiple-choice test-taking skills.

Reflection
